PROFESSIONAL SUMMARY

Motivated and detail-oriented Full Stack Developer with hands-on experience in building responsive, scalable, and user-focused web applications. Proficient in React.js, Next.js, JavaScript, HTML, CSS, Tailwind CSS, and Git/GitHub, with solid full-stack development skills using Node.js, Express.js, MongoDB, and RESTful APIs. Successfully designed, developed, and deployed a complete project management platform, demonstrating strong problem-solving abilities and end-to-end application development expertise. Completed a Front-End Development internship at Elevvo Pathways, gaining practical experience through real-world projects and collaborative teamwork. Passionate about continuous learning and delivering clean, efficient, and high-quality digital solutions.

CORE COMPETENCIES

- Front-End Development with React.js, Next.js, JavaScript, HTML5, CSS3, Tailwind CSS
- Responsive Web Design, modern UI/UX Implementation, and cross-browser compatibility
- RESTful API Integration and client-server communication
- Deployment and hosting with Vercel and Railway with Git/GitHub version control
- Backend development using Node.js, Express.js, and MongoDB
- Strong problem-solving, debugging, and adaptability to new technologies

WORK EXPERIENCE

Front-End Developer Intern Elevvo Pathways

07/2025 – 08/2025

- Developed and optimized responsive user interfaces using React.js, Next.js, and Tailwind CSS, ensuring smooth cross-device experiences.
- Built landing pages and admin panels with modern UI/UX practices to enhance usability.
- Integrated REST APIs for dynamic data handling and client-server communication.
- Deployed applications on Vercel and collaborated using Git/GitHub for version control.
- Strengthened problem-solving skills through code reviews, debugging, and real-time feedback.

Full-Stack Developer Intern Ezitech Institute

03/2025 - 06/2025

- Learned and applied fundamentals of Node.js, Express.js, and MongoDB to build basic backend services.
- Designed and implemented simple CRUD operations and API endpoints.
- Gained experience in connecting frontend with backend, handling data flow, and managing databases.
- Worked in a collaborative environment, focusing on writing clean, maintainable, and modular code.

EDUCATION

Information Technology NUML, Islamabad

02/2022 - 01/2026

- BS IT

Intermediate Punjab College of Science

2019 - 2021

- ICS

PERSONAL PROJECTS

- Academy Website (*React.js, Tailwind CSS*) – Responsive frontend for an online learning platform.
- AI-Powered Lung Cancer Detection System (*Node.js, Express.js, MongoDB, EfficientNet*) – Web-based AI system for medical image analysis.
- DashPilot (Freelancing Dashboard) (*React.js, Tailwind CSS*) – Dashboard interface for freelancers to manage projects.
- Weather Dashboard (*React.js, OpenWeather API*) – Dashboard showing live weather updates.
- Project Management Platform (*React.js, Node.js, Express.js, MongoDB, Tailwind CSS*) – Developed and deployed a full-stack platform for project and task management with authentication & dashboards.

CERTIFICATES

Full Stack Web Development

03/2025 - 06/2025

- Ezitech Institute.
